TO WHOM IT MAY CONCERN

9th November 2017

Dear Sirs,

Re: Letter of Confirmation

We are pleased to confirm herewith that the ceramic drinking water filters produced by Fairey Industrial Ceramics Limited trading as Doulton Water Filters are made from natural earths at our manufacturing facility in the United Kingdom.

No alcohol, animal parts or any other composition that we understand to be in violation of the Islamic Law was used at any point of time during the manufacture of our water filters.

Yours sincerely,

Steve Oakes
Business Director
